

Using the power of Furniture Wizard and iFurniture, you can easily browse through all the items in your inventory sorted by any criteria you desire. You can even sort by availability making the sale of in stock items a whole lot easier! You can even sort your inventory by related items making the extremely important "Add on Sales" a simple task. Adding items to your iPad from Furniture Wizard is as easy as clicking a button- that's it, your inventory with images is loaded into your iPad. Imagine the power of an iPad with your complete inventory in the palm of your sales teams hand. If you are an Ashley dealer, we have the added benefit of [Ashley Furniture Integration](#)

showing in real time all the inventory from Ashley Furniture. You can also see Ashley Furniture's current and future Ashley inventory- all without leaving your customers side. Now that is an amazing point of sale feature our retail furniture software offers.
